

Leica SL3 Main Menu

Unlike previous versions of the Leica menu, which were arranged in five or six pages of six options, the SL3 menu is linear, thus overcoming the inconsistency of different section lengths. Instead of equal-length pages, the top line of the menu always shows the Main Heading (see below) when individual functions are highlighted.

Main Heading	Function
Focusing	Focus mode
	AF mode
	Focus settings
Exposure	Exposure metering
	ISO settings
	EV increment
Photo	Drive mode
	Self-timer
	White balance
	File format
	DNG resolution
	JPG settings
	NR Long exposure
	Perspective control
	Sensor format (APS-C)
	Stabilisation
	Aspect ratio
	Flash settings
Customisation	Customise control
	Capture assistants
	Storage management
	Shutter type
	Auto review
	Group display mode
	Live view settings
Connectivity	Leica FOTOS

	USB charging
	USB mode
	Wifi
System	User profile
	Camera settings
	Camera information
	Language
